**REPORT OF THE CHAIRMAN OF THE COUNCIL OF THE
QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED 2024-25**

Queen Elizabeth Foundation for the Mentally Handicapped

The Queen Elizabeth Foundation for the Mentally Handicapped was established in July 1988 under the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance (Chapter 399) with the purpose of furthering the welfare, education and training of the mentally handicapped in Hong Kong and promoting their employment prospects. The assets of the Foundation consist of the net profit of \$30 million from the sale of gold coins to commemorate the Queen's visit to Hong Kong in 1986, a donation of \$30 million from the Hong Kong Jockey Club, a further matching contribution of \$30 million from general revenue and a donation of \$1 million from the Shaw Foundation.

2. The Council of the Foundation was formed in August 1988 under Section 5 of the Ordinance to apply the Foundation's income and assets for carrying out the purpose of the Foundation and to determine and perform all matters in this regard under Section 6 of the Ordinance. This is, however, subject to the provision that a sum of \$81 million shall be reserved for investment. Following the first Council Meeting held on 30 August 1988, a Finance Committee of the Council was set up under Section 7 of the Ordinance to advise the Council on the investment of the Foundation assets and income as specified under Section 6(3) of the Ordinance. The Foundation assets are managed by JPMorgan Asset Management (Asia Pacific) Limited. The Finance Committee determines the investment strategies and monitors the performance of the fund manager.

Ambit of the Foundation

3. Normally, applications for grants are invited once a year or as decided by the Council. Any bona fide non-governmental organisations, non-profit making self-help groups of persons with disabilities that have been registered in Hong Kong for at least 3 years¹ and government departments may submit applications for grants from the Foundation for projects or activities that are within the ambit of the statutory purposes of the Foundation. Examples of the kind of projects or activities which the Foundation may sponsor are:-

- (a) minor capital works projects;
- (b) capital expenditure on items not subvented in a general scale by relevant government departments;
- (c) home-based or community-based rehabilitation services for persons with severe intellectual disability and those without immediate post-school placement opportunities;
- (d) programmes for improving and upgrading services for persons with intellectual disability;
- (e) innovative projects that would improve the rehabilitation services of persons with intellectual disability;
- (f) training of rehabilitation workers for persons with intellectual disability;
and
- (g) public education to promote understanding and positive attitudes towards persons with intellectual disability.

¹ For the purpose of application for grants from this Fund, a non-profit making self-help group should be an organisation that has been registered in Hong Kong under the Societies Ordinance (Cap. 151) or the Companies Ordinance (Cap. 622), and by virtue of its non-profit making/charitable nature, been granted tax exemption status by the Commissioner of Inland Revenue under Section 88 of the Inland Revenue Ordinance (Cap. 112), for **at least 3 years**.

4. The disbursement criteria and guidelines for the assessment of applications are reviewed regularly in the light of experience and the prevailing social and economic situation. To ensure that the grants are giving good value for money, all applications would be considered having regard to their maximum cost-effectiveness and extent of benefits to be achieved. In general, while each case would be considered on its own merits, preference would be given to innovative projects, or those which agencies may have difficulties in obtaining government subventions or funds from other sources.

Accounts

5. The Report of the Director of Audit to the Legislative Council, and the statement of the accounts of the Queen Elizabeth Foundation for the Mentally Handicapped for the year ended 31 March 2025 are at pages 7 to 9 and 10 to 23 respectively.

Investments

6. Details of investments as at 31 March 2025 are shown in Schedule 1 on page 24.

Grants

7. Details of grants approved and disbursed in 2024-25 are shown in Schedule 2 on pages 25 to 27.

Projects completed in 2024-25

8. Details of projects completed in 2024-25 are shown in Schedule 3 on pages 28 to 29.

(MAK Wing-chit)
Chairman
Council of the
Queen Elizabeth Foundation
for the Mentally Handicapped
3 September 2025

Report of the Director of Audit

Audit Commission

The Government of the Hong Kong Special Administrative Region

Independent Auditor's Report To the Legislative Council

Opinion

I certify that I have audited the financial statements of the Queen Elizabeth Foundation for the Mentally Handicapped (“the Foundation”) set out on pages 10 to 23, which comprise the balance sheet as at 31 March 2025, and the income and expenditure account, statement of changes in accumulated fund and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In my opinion, the financial statements give a true and fair view of the financial position of the Foundation as at 31 March 2025, and of its financial performance and cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in accordance with section 12(1)(b) of the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance (Cap. 399).

Basis for opinion

I conducted my audit in accordance with section 12(3) of the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance and the Audit Commission auditing standards. My responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of my report. I am independent of the Foundation in accordance with those standards, and I have fulfilled my other ethical responsibilities in accordance with those standards. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Council of the Queen Elizabeth Foundation for the Mentally Handicapped for the financial statements

The Council of the Queen Elizabeth Foundation for the Mentally Handicapped (“the Council”) is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and section 12(1)(b)

of the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance, and for such internal control as the Council determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Council is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Audit Commission auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Audit Commission auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council;
- conclude on the appropriateness of the Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern; and

- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

QUEEN ELIZABETH FOUNDATION FOR THE MENTALLY HANDICAPPED

NOTES TO THE FINANCIAL STATEMENTS

1. General

The purpose of the Queen Elizabeth Foundation for the Mentally Handicapped (the Foundation) is the furtherance of the welfare, education and training of the mentally handicapped in Hong Kong, and the promotion of their employment prospects.

The Foundation is incorporated and domiciled in Hong Kong under the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance (Cap. 399). The address of its registered office is 11/F, West Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong.

The financial statements are presented in Hong Kong dollars, which is the same as the functional currency of the Foundation.

2. Material accounting policies

(a) Statement of compliance

The financial statements of the Foundation have been prepared in accordance with section 12(1)(b) of the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance and all applicable HKFRS Accounting Standards, which is a collective term that includes all applicable individual Hong Kong Financial Reporting Standards (HKFRSs), Hong Kong Accounting Standards and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (HKICPA). Material accounting policies adopted by the Foundation are set out below.

(b) Basis of preparation of the financial statements

The financial statements have been prepared on an accrual basis and under the historical cost convention except that financial assets measured at fair value through income and expenditure account are stated at fair value as explained in the accounting policies set out in note 2(d) below.

The preparation of financial statements in conformity with HKFRS Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenditure. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

There are no critical accounting judgements involved in the application of the Foundation's accounting policies. There are also no key assumptions concerning the future, and other key sources of estimate uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in the next year.

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

2. Material accounting policies (continued)

(c) Impact of new and revised HKFRS Accounting Standards

The HKICPA has issued certain new or revised HKFRS Accounting Standards which are first effective or available for early adoption for the current accounting period of the Foundation. There have been no changes to the accounting policies applied in these financial statements for the years presented as a result of these developments.

The Foundation has not early adopted any amendments, new standards and interpretations which are not yet effective for the current accounting period. These include the following which may be relevant to the Foundation.

**Effective for accounting
periods beginning on or after**

HKFRS 18 “Presentation and Disclosure in Financial
Statements”

1 January 2027

The Foundation is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial adoption. So far, it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

(d) Financial assets and financial liabilities

(i) Initial recognition and measurement

Financial assets and financial liabilities are recognised on the date the Foundation becomes a party to the contractual provisions of the financial instrument. They are initially measured at fair value plus or minus transaction costs that are directly attributable to the acquisition of the financial assets or the issue of the financial liabilities, except for those financial instruments measured at fair value through income and expenditure account for which transaction costs are recognised directly in the income and expenditure account. An explanation of how the Foundation determines the fair value of financial instruments is set out in note 11. Purchases and sales of financial instruments are recognised on trade date, the date on which the Foundation commits to purchase or sell the instruments.

(ii) Classification and subsequent measurement

Financial assets measured at fair value through income and expenditure account

This category comprises equity funds and bond funds. They are subsequently measured at fair value. Changes in fair value are recognised in the income and expenditure account in the period in which they arise.

Financial assets measured at amortised cost

These comprise accounts receivable and cash and cash equivalents. They are held for the collection of contractual cash flows which represent solely payments of principal and interest. They are subsequently measured at amortised cost using the effective interest method. The measurement of loss allowances for these financial assets is based on the expected credit loss model as described in note 2(d)(iv).

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

2. Material accounting policies (continued)

(d) Financial assets and financial liabilities (continued)

(ii) Classification and subsequent measurement (continued)

Financial assets measured at amortised cost (continued)

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating and recognising the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of the financial liability. When calculating the effective interest rate, the Foundation estimates cash flows by considering all contractual terms of the financial instrument but does not consider the expected credit losses. The calculation includes all fees received or paid between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Financial liabilities measured at amortised cost

This category comprises accounts payable. They are subsequently measured at amortised cost using the effective interest method.

(iii) Derecognition

A financial asset is derecognised when the contractual rights to receive the cash flows from the financial asset expire, or where the financial asset together with substantially all the risks and rewards of ownership have been transferred.

A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

(iv) Impairment of financial assets

For financial assets measured at amortised cost, the Foundation measures the expected credit losses to determine the loss allowance required to be recognised. Financial assets measured at fair value through income and expenditure account are not subject to the expected credit loss assessment.

Expected credit losses are a probability-weighted estimate of credit losses. They are based on the difference between the contractual cash flows due in accordance with the contract and the cash flows that the Foundation expects to receive, discounted at the effective interest rate. They are measured on either of the following bases:

- 12-month expected credit losses (for financial instruments for which there has not been a significant increase in credit risk since initial recognition): these are losses that are expected to result from possible default events within the 12 months after the reporting date; or
- lifetime expected credit losses (for financial instruments for which there has been a significant increase in credit risk since initial recognition): these are losses that are expected to result from all possible default events over the expected life of the financial instruments.

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

2. Material accounting policies (continued)

(d) Financial assets and financial liabilities (continued)

(iv) Impairment of financial assets (continued)

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Foundation compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this assessment, the Foundation considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Foundation in full; or (ii) the financial asset is 90 days past due. The Foundation considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

For a financial asset with lifetime expected credit losses recognised in the previous reporting period, if its credit quality improves and reverses the previously assessed significant increase in credit risk, then the loss allowance reverts from lifetime expected credit losses to 12-month expected credit losses.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(e) Foreign currency translation

Hong Kong dollar is the currency of the primary economic environment in which the Foundation operates. Foreign currency transactions during the year are translated into Hong Kong dollars using the spot exchange rates at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated into Hong Kong dollars at the closing exchange rates at the reporting date. Exchange gains and losses are dealt with in the income and expenditure account.

(f) Interest income

Interest income is recognised as it accrues using the effective interest method.

(g) Grants

Grants, which are approved by the Council of the Queen Elizabeth Foundation for the Mentally Handicapped (the Council), are accounted for as and when they fall due for payment.

Refund of grants is recognised when the right to receive payment is established.

(h) Income tax

The Foundation is a charitable institution and is exempted from income tax under section 88 of the Inland Revenue Ordinance (Cap. 112).

(i) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at bank and cash with a fund manager.

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

3. Financial assets measured at fair value through income and expenditure account

	2025 HK\$	2024 HK\$

Securities and transaction charges	14,205	14,266
	<u>596,797</u>	<u>562,283</u>

9. Capital management

The Foundation's primary objectives when managing capital are to safeguard the Foundation's ability to continue as a going concern so that it can continue to provide adequate financial resources for the provision of grants for the benefit of the mentally handicapped.

The Foundation defines "capital" as including all components of the Accumulated fund.

The Foundation's capital structure is regularly reviewed and managed by the Council. During the year, the Foundation's strategy, which was the same as that in 2024, was to maintain an adjusted net debt-to-capital ratio of no more than 3%. In order to maintain the capital structure, the Foundation may adjust the investment guidelines in order to maintain steady income from the investments.

	2025	2024

 Debt-to-capital ratio	 <u>0%</u>	 <u>0%</u>

The Foundation is not subject to externally imposed capital requirements.

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

10. Financial risk management

Exposure to credit, liquidity, interest rate, price and foreign currency risks arises in the normal course of the Foundation's operations. These risks are limited by the Council's policies and practices described below.

(a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The maximum exposure to credit risk of the financial assets of the Foundation at the reporting date is equal to their carrying amounts. The Foundation does not provide any guarantees which expose the Foundation to credit risk.

The Foundation's credit risk is primarily attributable to deposits with a bank and a fund manager. To minimise the credit risks arising from cash and cash equivalents, all deposits are placed with reputable licensed banks and reputable fund managers in Hong Kong. Hence, the Foundation's exposure to credit risk of these financial assets is considered to be limited.

The credit quality of cash and cash equivalents, analysed by the ratings designated by Moody's, at the reporting date is shown below.

	2025 HK\$	2024 HK\$
Cash and cash equivalents, by credit rating:		
Aa1 to Aa3	<u>8,390,112</u>	<u>3,392,399</u>

While other financial assets are subject to the impairment requirements, the Foundation has estimated that their expected credit losses are minimal and considers that no loss allowance is required.

(b) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Foundation's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash and readily realisable marketable securities to finance the Foundation's operations and mitigate the effects of fluctuations in cash flows. Hence, the Foundation does not have significant exposures to liquidity risk.

As at 31 March 2025, the remaining contractual maturities of all financial liabilities, based on contractual undiscounted cash flows and the earliest date on which the Foundation can be required to pay, were one year or less (2024: one year or less).

FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

10. Financial risk management (continued)

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This can be further classified into fair value interest rate risk and cash flow interest rate risk.

Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market interest rates. The Foundation's bank deposits bearing interest at fixed rates are exposed to fair value interest rate risk because their fair values will generally fall when market interest rates increase. However, since they are stated at amortised cost, changes in market interest rates will not affect their carrying amounts and the Foundation's surplus/deficit for the year.

Cash flow interest rate risk is the risk that future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Foundation is not exposed to material cash flow interest rate risk as interest income from financial instruments bearing interest at floating rates is not significant.

(d) Price risk

The Foundation is exposed to financial risk arising from changes in market prices of investments in equity funds and bond funds.

The Council considers price risk is minimised as the investment portfolio is diversified in terms of geographical and industry distribution and is managed by a reputable fund manager.

As at 31 March 2025, it is estimated that a 10% (2024: 10%) increase/decrease in market prices of the respective equity funds and bond funds, with all other variables held constant, would have increased/decreased the surplus for the year by HK\$21,750,000 (2024: HK\$21,010,000).

(e) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in currency exchange rates.

The Foundation is exposed to currency risks arising from investments in equity funds and bond funds and cash with a fund manager that are denominated in currencies other than Hong Kong dollars. The overall currency positions are monitored by the fund manager of the Foundation.

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

10. Financial risk management (continued)

(e) Currency risk (continued)

At the reporting date, the total of investments in equity funds and bond funds in currencies other than Hong Kong dollars was as follows:

	2025		2024	
	Amount	Equivalent in HK\$	Amount	Equivalent in HK\$
United States dollars	8,659,373	<u>67,352,600</u>	9,484,360	<u>74,200,890</u>

As Hong Kong dollar is pegged to the US dollar within a narrow range, it is considered that the Foundation had no significant exposure to foreign currency risk relating to this currency.

11. Fair value measurement

(a) Fair value hierarchy of financial instruments

The following table presents the carrying value of financial instruments measured at fair value at the reporting date on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13 “Fair Value Measurement”.

	2025		2024	
	Level 2 HK\$	Total HK\$	Level 2 HK\$	Total HK\$
Financial assets measured at fair value through income and expenditure account				
Equity funds - unlisted	114,927,181	114,927,181	113,158,932	113,158,932
Bond funds - unlisted	102,597,965	102,597,965	96,980,404	96,980,404
	<u>217,525,146</u>	<u>217,525,146</u>	<u>210,139,336</u>	<u>210,139,336</u>

**QUEEN ELIZABETH FOUNDATION
FOR THE MENTALLY HANDICAPPED**

NOTES TO THE FINANCIAL STATEMENTS

11. Fair value measurement (continued)

(a) Fair value hierarchy of financial instruments (continued)

No financial instruments were classified under Level 1 or Level 3. There were no transfers between levels during the reporting years.

The three levels of the fair value hierarchy are:

Level 1: fair values are quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: fair values are determined with inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: fair values are determined with inputs that are not based on observable market data (unobservable inputs).

(b) Valuation techniques and key inputs

The fair values of unlisted financial instruments classified under Level 2 are determined using quotations from the fund manager of the Foundation.

All other financial assets and financial liabilities are stated in the balance sheet at amounts equal to or not materially different from their fair values.

12. Cost of administering the Foundation

The cost of administering the Foundation, other than the cost of employment of assistants and advisers under section 8 of the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance, was borne by the Government of the Hong Kong Special Administrative Region in accordance with section 14 of the Queen Elizabeth Foundation for the Mentally Handicapped Ordinance.
